Little calculations for the Netherlands

- **400 deads/yr by suicide because of false verdicts, bankruptcy, trustees in bankruptcy, bankers, etc.**
- **End responsible for those dead are the ministers of Justice and Economics.**
- **During a period of 16 years 6400 innocent persons are unnescessary killed, while those ministers ignored their problems.**

The 3 crimes are equal severe

- **Mladic killed 16 years ago in Srebrenica 8000 men and boys.**
- **The last 16 years 6400 Dutch people are killed because of fraud and corruption.**
- **Is that in the Netherlands genocide, crime against humanity, or war crime?**

International Truth Tribunal EuroStaete

Workflow of the International Truth Tribunal EuroStaete:

Collects evidences of serious injuries of mental and/or physical health against groups of humans.

Investigates if these injuries are part of a system, are widespread, and are intended to conduct.

When a group of 10 members of the ITTE agrees that with a certain case enough evidence is present, then this positive case will be published on the website of EuroStaete with a request to the public to bring in more evidences.

International Truth Tribunal EuroStaete

Workflow International Truth Tribunal EuroStaete:
(continued)

With new evidences this case wil be first brought to the court of ITTE.

Only the court of ITTE decides if this case is brought to the International Criminal Court or is free of pursuit.

Filed to the International Criminal Court we **tell and show the world** that the crimes this person has committed against Humanity is as evil as Genocide and War Crimes.

International Truth Tribunal EuroStaete

ITTE needs volunteers who:
collect evidences of crimes against humanity
catalogue these evidences
read, investigate and publish these evidences.

Justice That Promotes Healing

An example of how ITTE works

Suppose we claim that all verdicts of the courts based on essential lies are **not valid.**

Then we ask people to send us examples of lies in verdicts of all the courts in The Netherlands.

We then search for structural lies in those verdicts.
